About Me

I am a dependable, hard working, goal oriented, and determined person. I strive to make the biggest difference I can possibly make when placed in any role in any environment. I consume information daily to ensure myself above competency. I embrace team communication and seek the most effective ways to accomplish tasks efficiently. I research daily on new information that could improve myself and my overall knowledge base. I am a trained and Licensed Paramedic. I am an avid runner and have completed the Austin Marathon.

Skills

Languages & Frameworks: JavaScript ES6 / ES7, React & Redux, Express, Node.js, MongoDB /Mongoose, jQuery, HTML/CSS/Bootstrap 3 / 4

Website Design: Extensive knowledge on website development from consultation to deployment.

Development Best Practices: Disciplined usage of Git to properly organize project workflow, knowledge of test-driven development protocols such as Mocha.

Other: Extensive knowledge of Excel including harvesting data, creating tables, charts, and interactive Excel Dashboards. Firm grasp on programs such as Photoshop and text editors.

Experience

Austin Coding Academy   January 2018 - Present
Teacher Assistant
I act as an assistant in teaching students in various levels of coding classes.
--Utilizing remote access and control of student's computers to teach and show solutions while also using camera and microphones to communicate while the students are not in class.
--Tutored cohorts through introductory HTML/CSS and JavaScript.
--Actively contributed to the initial class of students utilizing remote technologies to attend coding classes.

Chat With Me   November 2017 - December 2017
Creator
Simple chat app utilizing firebase storage integration.
--Chat app created with React-Native to chat with other users based on topic of the conversation.

Hideout Coffee House / Theatre Website   March 2017 - June 2017
Co-Creator
Redesigned the website utilizing current HTML/CSS/JavaScript with over 30 pages of content.
--I designed the restructure and wireframe and delegated tasks to my other two team members who were involved.
